Botanical Information Service (BIS).

The Botany department offers a consultancy service for flowering plant identification viz., Botanical Information Service (BIS). It provides herbarium consultation, flowering plant identification, weed identification and general information on plants at free of charge to the general public and to government departments, researchers and ecological consultancies**.** **https://snckollam.ac.in/plant-identfication-botanical-information-service-bis/**

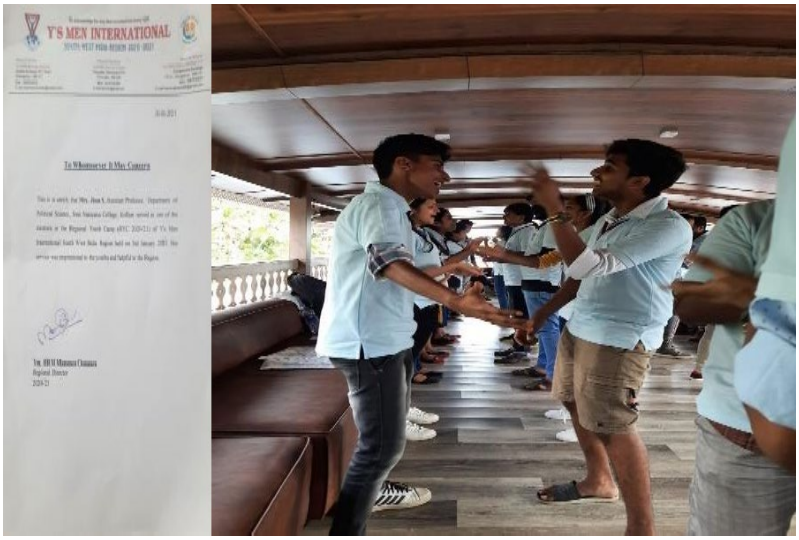
Weblog on biodiversity with special reference to Botanical Information

For the effective outreach of extension activity, a weblog on biodiversity with special reference to Botanical Information has been successfully maintained and updated periodically (URL: https://.grassnest.wordpress.com/). It has been recognized as one among the multimedia resource page of UN-Convention on Biological Diversity for 2010-2020, the Decade on Biodiversity. Also, an exclusive telegram channel (URL: https://t.me/keralaflora), started in April 2020, aims at documenting the rare flowering plant of Kerala and supports the on-line activities of BIS.

Regional Youth Camp of Y's Men International

Jissa S, faculty of the department served as mentor of a Regional Youth Camp(RYC 2020-21) conducted by Y's Men International South West India Region on 3rd January 2021. Y's Men International is a community service organisation having a consultative status with the Economic and Social Committees with the United nations and its motto is 'to acknowledge the duty that accompanies every right'. By conducting youth camps at various levels, viz. district, regional, area and international , the youth are trained to gain knowledge, skills and confidence which help them to achieve goals in their personal, educational and professional life. By imparting novel ideas to the youth with well trained and equipped trainers with well planned and coherent modules by using new methods and techniques of training , they are equipped to face any challenges. The mentor, Jissa S

served throughout the sessions to support and inspire the youth with creative ideas and supporting the trainers in the activity oriented sessions.



Nutrition awareness class

The students and faculties of the Politics department gave a nutrition awareness class to the kids and their parents in an anganvadi at Pallimukku on March 3rd,2022. Two students Anjana and Neelanjana of 4th semester BA Political Science talked about the importance of nutritious food . Subsequently, the students distributed some fruits and nuts to the children there.

Water quality analysis of collected samples from Chavara, NTPC Kayamkulam and other rural and urban areas of Kollam

MSc and BSc students of our department collected water samples from different industrial areas of Kollam and Alappuzha district for quality analysis. Groundwater is an important entity of our hydrological system. Groundwater is an essential source of water for domestic purposes to a number of settlements. Groundwater is liable to contamination through anthropogenic and other sources like use of chemical pesticides, discharge of industrial wastes, domestic and agricultural

wastes. The groundwater is less contaminated than surface water .Various physico -chemical parameters of water samples are determined by standard analytical methods. The values of EC, TDS, Sodium, Total alkalinity, total hardness, calcium, sulphate, chloride ,SAR of water samples in some stations exceeded the standard permissible limit. Due to increase in industrialization, water quality of drinking water has decreased and hence there is a need for proper analysis of water. Different water samples collected areas near Kerala metals and minerals limited which an integrated titanium dioxide is manufacturing public sector undertaking in Kollam,Kerala. Its operation comprises mining, mineral separation, synthetic rutile, and pigment production. Apart from producing titanium dioxide pigments, other products like ilmenite, zircon, iliminate, synthetic rutile are also produced. Company manufactures titanium dioxide through a chloride route also from rural and urban area of Kollam and effluents discharged from NTPC Kayakulam.The objective of the study was to gather information necessary for finalizing the water quality, monitoring of water quality guidelines including identifying problems which may need immediate intervention and development standards.

Digital Awareness Initiative

As part of the extension activity, the Department of Economics has launched a hand book on e-governance during 2020-21 in order to create awareness among the residents of Kollam. The success of the campaign to disseminate digital awareness put forward the college to continue the

project in a bigger manner. The digital and hard copy of the document has been upgraded in a bigger manner with the association of Chemistry Department and IQAC of the college. The awareness programme has helped and supported the Indian Government initiative of "Digital India".

Awareness Programme- Energy Conservation

In order to familiarize the students with the practical aspects of learning important technology, the Department of Physics, Sree Narayana College, Kollam conducted a seminar on "Energy Conservation" for the degree students on 12th March, 2021. The Principal Dr. Sunilkumar R inaugurated the programme at 11.00 am. The students were given a 5 days training program on "LED Light assembling and testing" every year since 2020. The initial class was taken by Mr. Madhu Krishnan (NGGF Trainer), and later the sessions were engaged by Asso. Prof. Sajeev Kumar G (HOD Department of Physics), Dr. Dedhila Devadathan (Asst. Prof. Department of Physics) and Mrs. Asitha L.R (Asst. Prof. Department of Physics). The Department received financial assistance of Rs: 40,000/ from the college PTA. The Unit has all the required instruments for the assembling and testing of the LED light. Under the Physics Department, the members are assembling LED lights and organizing training classes.

Incubation Center - Led Light Assembling and Testing Unit

Department of Physics has an Incubation Center where in students and faculty participate and organize events such as Leadership Talks Series, Ideation Sessions. The department of physics started a "LED Light assembling and testing unit" on 30-03-2021 as a part of community extension activity. The unit was inaugurated by our college Principal Dr. R. Sunil Kumar. The students were given a 05 days training program on "LED Light assembling and testing" every year since 2020. The initial class was taken by Mr. Madhu Krishnan (NGGF Trainer), and the later sessions were conducted by Asso. Prof. Sajeevkumar G (HOD Department of Physics), Dr. Dedhila Devadathan (Asst. Prof. Department of Physics) and Mrs. Asitha L.R (Asst. Prof. Department of Physics). The Department received financial assistance of Rs: 40,000/ from the college PTA. The Unit has all the required instruments for the assembling and testing of the LED light. Under the Physics Department, the members are assembling LED lights and organizing training classes. LED bulbs/tubes to our college is supplied by our department. We also provided LED Tubes and Bulbs at free of cost for homes along the coastal region of Kollam. We also conducted a talk (by Dr. Sankar S, Asst. Prof. Department of Physics) to the people to create awareness about energy conservation and supply LED light among the community.

Donation Of Television

The third semester students of B.A. English Language and Literature (2019 – 2022) presented a 32-inch LED television set to the children of Mayyanad Girl Children's Home on 17/08/2020 in commemoration of their classmate Abhijith S. Narayanan who unfortunately died in an accident during the first semester. This inspiring deed was a collective effort on the part of all the students of third semester and it was also done with a view to extending a helping hand to the education of its inmates. The event was attended by the class tutor Ms. Indu R., and Mr. Arun Ravi were also present in the function representing the Department. The students' representatives Arjun Prakash, Gokul Krishna B., Pranav M., Jeev K.S., and Sreejith S. along with the class tutor handed over the television to the Superintendent-in-charge Ms. Sree Navyaja, of Mayyanad Girl Children's Home in the presence of the Mayyanad Grama Panchayat Secretary Sri. Sajeev Mampara and Panchayat Superintendent Sri. Sudheer.

Donation For Treatment

The fourth and sixth semester students of B.A. English Language & Literature, Sree Narayana College, Kollam jointly contributed an amount of Rs. 5350/- on 09/02/2021 towards the treatment of Kum. Rosemin Joseph of sixth semester B.A. Political Science. The class representatives of both semesters along with the class tutors Ms. Indu R. and Dr. Anjana Thampi handed over the amount to Dr. Archa Arun, Head, Department of Political Science.

Suchitwa Mission, Kollam and Swachh Bharat Mission (Urban)

Swachh Bharat Mission (Urban) or Clean India Mission, a complete cleanliness programme to eliminate open defecation and improve solid waste management in association with governmental, non-governmental along with various companies were planned to conduct a campaign project for urban hygiene. The aim of this project was to maintain complete hygiene in urban areas. The authorities had distributed certain booklets with accurate guidelines to be followed for proper waste management in urban places. On the request made by the officials, from the Swachh Bharat Mission, Kollam, the postgraduate students of the Department of English, SN College, Kollam were assigned with the work of translating nine booklets from English to Malayalam. The objective of the translation was to provide a rigorous information regarding the scientific disposal of waste in accordance with the green protocol. As a token of appreciation, the participated students were awarded with a certificate from the Swachh Bharat Mission. The valedictory function was conducted on 14 March 2022 at G2 Seminar Hall, S N College, Kollam. The programme commenced with a prayer by first year postgraduate students: Parvathi.V and Anandu R L. The welcome address was given by Ms. Indu.R, Assistant Professor of English. Dr. R. Sunilkumar, Principal, SN College, Kollam delivered the presidential address. It was followed by a keynote address and certificate distribution by Smt. Soumya Gopalakrishnan (Assistant Development Commissioner and District Co-Ordinator, Suchithwa Mission, Kollam). The felicitation speech was made by Sri.Ratheeshkumar (Assistant Co-Ordinator, IEC, District Suchitwa Mission, Kollam), Dr. S. V. Manoj (Co-Ordinator, IQAC), Dr S. Jayasree (Co-Ordinator, NAAC) and Dr B. T. Sulekha (Nodal Officer, Green Protocol Monitoring Committee). The programme ended with the vote of thanks by Ms. Radhika B., Head, Department of English.

Aid to Tsumani survivors

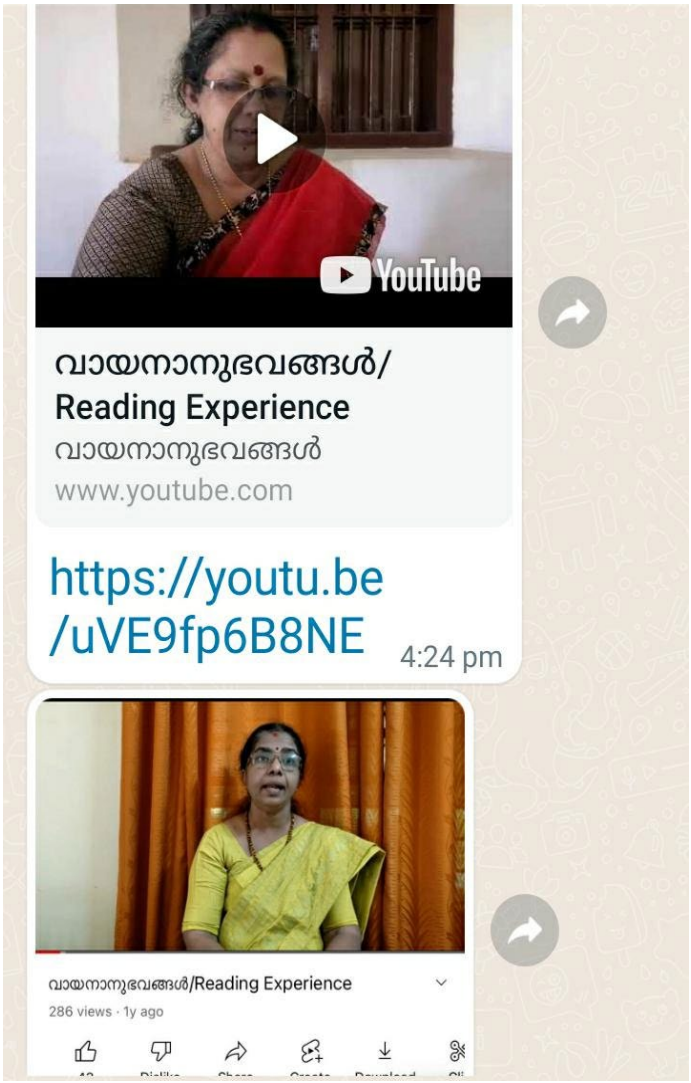
The department of Hindi decided to pay visit to theTsunami affected areas on 13th January 2021. Upon visiting the areas it came to our attention that the literacy rate of the residents living in these areas were very low. The faculty members of Department of Hindi Dr. P.G. Sasikala, Dr. N. Shaji, Dr. P.N. Bindhu Kala, Dr. Pavana C.G., Dr. Athira J.S., Dr. Manju K.N, Dr. Soorya E.V visited the residents of these areas and took classes for the kids who were unable to pursue education due to various reasons. Basics like alphabets, grammar etc were taught by our faculties. Hindi grammar books were also provided to kids which would help them to learn the language effectively.

Free Job Oriented PSC Training

Malayalam department faculty, Dr.S. Jayan organized free PSC coaching at Veliyam Sahiti Library on October 10, 2020. Many candidates participated and benefitted from the classes. The objective of the class was to teach the basics of Malayalam grammar which are commonly asked in the PSC exam.

Book Acquaintance

A book familiarization programme was organized in Kollam Pattathanam Government SNDP school children under the leadership of Malayalam Department of our College. The medium of learning was through YouTube channel. The videos were uploaded on 01.08.2021. Books were introduced by Head of the Malayalam Department Dr. M.S. Suchitra, teachers Dr.M.S. Biju, Adhish U, N. Sreeja, Dr. Smita Prakash and Preeta VK. In the fields of story, novel, poetry, autobiography and biography books were introduced for children.



Conservatory Of Endemic And Endangered Lesser Known Fruit Trees Of Western Ghats (Observed International Day Of Forests)

On International day of forest, March 21st , 2021 we initiated a Conservatory of Endemic and Endangered Lesser known Fruit Trees of Western Ghats in our campus with the participation of students of NSS,NCC and nature club students.

Unnat Bharat Abhiyan

Unnat Bharat Abhiyan is a flagship program of Ministry of Human Resource Development (MHRD), Govt. of India. The Mission of Unnat Bharat Abhiyan is to enable higher educational institutions to work with the people of rural India in identifying development challenges and evolving appropriate solutions for accelerating sustainable growth. It also aims to create a virtuous cycle between society and an inclusive academic system by providing knowledge and practices for emerging professions and to upgrade the capabilities of both the public and the private sectors in responding to the development needs of rural India.

Sree Narayana College, Kollam has been selected as one of the participating Institutions under UBA programme on May 2020. As a part of this programme, SNC, Kollam has adopted a cluster of 5 Villages in Kollam District namely **Chavara, Karunagapallay, Panmana, Thekkumbhagam and Thevalakkara**. A seed money of amount Rs. 50000/- has been credited in the college account (Ac. No- 10648758044) for assistance for awareness, Gram Panchayat Development Plan (GPDP) study, need assessment, and contingency expenditure in the preliminary studies in the adopted Villages.

A team of UBA members had visited the selected villages. They carried out various programmes such as distribution of medicinal plants, vegetable saplings, masks, hand sanitizers etc. among the local peoples. As per the instruction of UBA cell, a household survey was conducted for identifying development challenges and prepared Village Development Plan (VDP) for all the five selected villages to find appropriate solutions for accelerating sustainable growth of the adopted Villages. These VDP plan has been submitted to UBA for further proceedings.

Duration May-June 2020

1. A UBA cell has been constituted in the Participating Institute, including eight Assistant professors and 15 student volunteers.
2. Conducted inaugural meeting at Chavara, Karunagapally, Panmana, Thekkumbhagam and Thevalakkara Villages.

Activities-

1. Distributing face masks and hand sanitizers at Chavara Village.
2. Distributing face masks and hand sanitizers at Karunagapally Village.
3. Distributing face masks and hand sanitizers at Panmana Village
4. Distributing masks and hand sanitizers at Thekkumbhagam Village
5. Prepared medicinal plant seedling with immune enhancing capacity to distribute in the adopted villages.
6. Distribution of medicinal saplings in the adopted villages- creating awareness about the importance of medicinal plants in enhancing immunity.
7. Distributed Household survey form to ward members and Kudumbashree units- Conducted primary survey and secondary data collection.

Palliative Care

Sree Narayana College, Kollam has an active Students Palliative Club with NSS Unit, as part of enhancing its community outreach activities. Under the aegis of this club our college students cater to terminally ill patients and those suffering from acute illness and mental agony. Besides

popularizing palliative care among the student community, the palliative club is entrusted with assisting in the rehabilitation of patients and participating in other palliative care activities within communities.

Our Palliative club is associated with Pain and Palliative Care Trust, Kollam, an active organization working in our District. The Trust was established in the year 2007 at a time when the extreme deficiency of Palliative Care Service was not in the mind of either governmental or private Sociologists, humanists or philanthropists so much so its need was felt for those patients who was in the terminal stage of their life as consequent to dreadful diseases and devastating complications, drug reactions after chemotherapy, and radiation treatment, and has undergone unimaginable sufferings.

The activities of this club were done in association with NSS unit in our College. In the academic year 2020-21, various activities were done with the help of NSS volunteers and other club members.

The following activities were organized and implemented in the academic year.

Charity Box Installation

For the charity activities, a Charity box was installed in our college to collect financial contribution from faculty and students. The contributions were disbursed through the Trust. Every month representatives came and collected the amount and distributed it to the people in need.

.

Pallliative Care-Home Visit

A Healthy system mainly performs three key roles to the people. Firstly, it tries to ensure a robust practice capable of preventing diseases and maintaining a healthy lifestyle. Secondly, the system should adopt suitable measures to reverse and cure diseases with immediate and minimal effect. Finally, the system is responsible for extending relief measures for those patients who are beyond the level of cure but demand long-term care and attention. The former two have got sufficient attention in healthcare. But the third aspect eclipsed in the shadow of the former and mainly paved

for the palliative care movement. According to the Government of India out of 922 palliative care centers in India, more than 850 centers are located in Kerala (Ministry of Family and Health Care, 2012). Even though in India 59 lakh people need palliative care, only 2% are receiving it. Palliative care is aiming at improving quality of life, by employing what is called active total case. Treating pain and other symptoms, and at the same time offering social, emotional, and spiritual support. In this context our Palliative club is associated with Pain and Palliative Care Trust, Kollam visited homes of bedridden patients identified through the socio-economic survey done in Cantonment ward of Kollam Corporation. Members visited 18 houses with patients in need of palliative care attention.

Club members visit a patient at Cantonment Ward of Kollam Corporation

Mask Donation

The palliative club members in association with the NSS volunteers of S N College Kollam distributed masks which had been made by them at the SSLC and plus two Exam centers in the Kollam district

Suchitwa Mission, Kollam and Swachh Bharat Mission (Urban)

Swachh Bharat Mission (Urban) or Clean India Mission, a complete cleanliness programme to eliminate open defecation and improve solid waste management in association with governmental, non-governmental along with various companies were planned to conduct a campaign project for urban hygiene. The aim of this project was to maintain complete hygiene in urban areas. The authorities had distributed certain booklets with accurate guidelines to be followed for proper waste management in urban places. On the request made by the officials, from the Swachh Bharat Mission, Kollam, the postgraduate students of the Department of English, SN College, Kollam were assigned with the work of translating nine booklets from English to Malayalam. The objective of the translation was to provide a rigorous information regarding the scientific disposal of waste in accordance with the green protocol. As a token of appreciation, the participated students were awarded with a certificate from the Swachh Bharat Mission. The valedictory function was conducted on 14 March 2022 at G2 Seminar Hall, S N College, Kollam

Women's Day

09-03-2020

A street play was organized by our volunteers on 9th March 2020 in association with Women's Day. Eighteen volunteers participated in it and performed it in designated spots at our college, and the neighboring colleges, SN College for Women, VNSS Nursing College, Kollam and as well as in the downtown area of the city. It aimed to create awareness on women's rights among the students.

Online Drawing Competition

24-04-2020

An online drawing competition was conducted by the NSS volunteers during the lock down period to nourish the skills of the students. Thirty contestants participated from various schools and colleges. The competition was based on two categories viz., painted drawings and pencil drawings. Winners were announced on each of the categories. The evaluation was done by artist, Sri. Deepak Mayyanad. The winners of pencil drawing were S Krishna Shaji, (Chapter College, Kollam), Robin Reji (St. Gregorius School, Kottarakkara) Sneha S (Maria Giri College) respectively for 1st ,2nd and 3rd places. The winners of painted drawings were Abhirami Chandran (S N College, Kollam),

Gayathri Suresh (S N College, Kollam) and Akshay (S N College, Kollam) respectively, for 1st ,2nd and 3rd places.

Mask Donation

06-05-2020

The NSS volunteers of S N College, Kollam, distributed masks which were designed by them; these were then distributed at the Exam centers for secondary and higher secondary examinations.

Webinar on Blood Donation

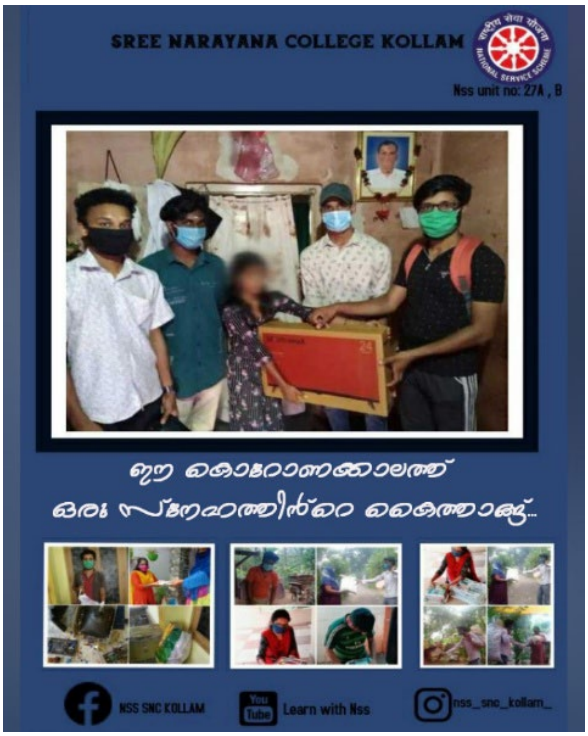
26 July 2020

The NSS unit of SNC conducted a webinar on the topic, Blood donation on 26 July 2020, at 11 a.m., via Google Meet. Sri. Anukuttan, State level blood coordinator acted as the resource person. The webinar was very useful and informative. He cleared all the doubts of the volunteers on blood donation and made them aware about their duty to spread this awareness. All the volunteers and Programme officers participated in the online platform of Google Meet.

Tv Challenge

17 August 2020

The NSS unit of SN College, Kollam, conducted a television challenge programme aiming to provide a television set for a financially backward children for attending online sessions during the Covid scenario. An adequate amount for the conduct of this programme was raised by the volunteers through the sale of scrap materials they had collected. Three of our volunteers along with programme officer, Dr. Rijith handed over the television set to a needy child for educational requirements on 17-09-2020.



Mental Health and Coping with Stress

25 August 2020

The NSS unit of SNC Kollam, organized an online webinar on, “Mental Health and Coping with Stress”, on August 25, 2020 at 6pm in association with the Department of Philosophy, Health Club and IQAC of SN College, Kollam, via google meet. The session was handled by Smt. Adhila Hassan (Peace Educator, Dharmasala, Himachal Pradesh). 50 NSS volunteers and 150 student participants took part in the webinar. The webinar was very useful in a situation when Covid-19 had aggravated and many people were undergoing depression, owing to the stressful situation, for having been kept indoors.

NSS DAY

24 September 2020

The NSS unit celebrated the 51st NSS Day on 24-09-2020. The programme started with NSS prayer. Principal, Dr. R. Sunil Kumar, hoisted the NSS Flag. The NSS unit of SN College, organized a series of events via google meet considering covid-19 pandemic. The meeting started at 10:30 am with a reading session about NSS. After the reading session a quiz competition about NSS was conducted at 10:45 am. About 40 NSS volunteers participated in the meeting. As part of the NSS day, the unit organized an interactive session with covid volunteers via google meet. The programme was inaugurated by programme officer Dr. Rijith. S. Mr. Syamlal Pattazhy, Mr. Soju Vengoor and Mr. Adhithyan acted as the covid volunteers. This session provided the volunteers with a great experience.

A sanitizer stand was created by NSS volunteers and the same was donated to an Anganavaadi in Paravoor. PO' s along with 10 volunteers participated in the programme. Our volunteers distributed lunch packets for doctors and nurses at Mayyanad hospital as part of showing our gratitude towards the covid warriors. Our next programme was donating required groceries to an old age home in Thiruvananthapuram. This was aimed at lending a helping hand to those people who faced many problems in this covid situation.

Suicide Prevention Campaign

26 September 2020

NSS unit participated in a suicide prevention campaign organized by NILA as part of their founding day celebration on 26 September 2020. The meeting was conducted via zoom platform.

The meeting started at 6pm. The meeting was inaugurated by Akhilan Cherukode, a renowned writer, social worker and poet. The meeting was blessed with the gracious presence of Sri. Surya Ishaan (State TG Justice board Member, social activist and founder member of Dwaya Charitable Society). At 8pm all the participants lit up a candle near their window of their homes and joined in the suicide prevention campaign. Around 30 NSS volunteers participated in the programme.

Distribution of Masks, Sanitizers, & Plant Saplings

12 November 2020

PO & volunteers contributed masks, sanitizers and also planted saplings at Karunagappally Municipality Office. Around 15 volunteers participated in the program.

Sale of Sanitizer Stands Made By NSS Volunteers

18 November 2020

Sanitizer stands manufactured by our NSS volunteers were sold at Paravoor IDBI Bank and the profit was utilized towards the fund of the palliative care unit of our college.

World AID'S Day

1 December 2020

The NSS unit of SNC Kollam conducted a webinar on the topic, “Tackling the fear of low immunity,' in association with KIMS Health on 1-12-2020 at 3:00pm, via google meet as part of the observance of world AID'S Day. This webinar gave a detailed overview about AIDS and the preventive measures. About 100 volunteers participated in the meeting.

Speak Young Programme

Kollam Group organized a Plog run on 13 April 2021 from Congress Bhavan to Kollam Beach to pay tributes to martyrs. 16 cadets of our subunit actively participated in the Plog run.

Programme On Preparation of Potting Mixture for Plant Growth

Students were given training on the preparation of Potting mixture for plant growth. Potting mixture was prepared using soil, cow dung and coir peat. A good potting mixture is required to nourish the soil and help in plant growth. Cow dung is composed of high levels of minerals, nutrients and trace elements. It is one of the best natural fertilizers to use in organic farming. Cow manure is packed with high quantity of Nitrogen, Phosphorous, Potassium and trace elements. Coir peat can be directly incorporated in to the garden soil to improve water retention, aeration and decrease the risk of the soil fungus and root diseases.

The programme was very successful. About 20 students participated in the programme and the students were given classes on the importance of potting mixtures and their types. Students prepared the potting mixture and planted two varieties of medicinal plants and were given to public
