

WORLD ENVIRONMENT DAY CELEBRATIONS- 2017

Focal theme: 'Connecting People to Nature'

WORKSHOP ON ENVIRONMENT CONSERVATION PRACTICES AND GREEN TECHNOLOGY IN DAILY LIFE

"Connecting People to Nature", the theme for World Environment Day 2017, implores us to get outdoors and into nature, to appreciate its beauty and its importance, and to take forward the call to protect the Earth that we share. This year's theme invites you to think about how we are part of nature and how intimately we depend on it. It challenges us to find fun and exciting ways to experience and cherish this vital relationship.
