

The Department of Physics, Sree Narayana College, Kollam, Kerala, India is doing extensive research in the field of material Science. This includes synthesis, characterization and application of various compounds in different fields. Professor Hari S Nair, Assistant Professor, Department of Physics, University of Texas, AT El Paso is an eminent scientist who has expertise in the field of materials discovery and crystal growth of novel oxide multifunctional compounds.

A collaboration between Department of Physics, University of Texas at El Paso and Sree Narayanan college, Kollam, Kerala, India will help in the promotion and organization of educational cooperation on basic and applied sciences between the two parties.

The collaboration between the two parties mentioned above all will include research collaboration, publication and occasional visit and meeting of professor Hari S Nair and the Department of Physics staff at Sree Narayanan College, Kollam, Kerala, India.

We hereby agree research Collaboration between Professor Hari S Nair, Department of Physics, The University of Texas, AT El Paso and Sree Narayana college Kollam, Kerala, India.
