REBOOTING INDIA THROUGH PRACTICAL INTEGRAL HUMANISM

Pandit Deendayal Upadhyaya is well-known for his holistic philosophy of *Integral Humanism* and the supreme challenge of today; is to convert his ideological-base to actual practice. The key objective of *Integral Humanism* is to develop an indigenous economic model, based on *Bharatiya* culture, to solve the problems faced by India. An indigenous economic operating system, with *Dharma* as its central pillar, is the need of the hour so that India will emerge as the strongest economy of the world in a purely ethical manner. Here in this book the authors try to propose such a developmental strategy by blending *Blockchain* technologies with *Integral Humanism*.

Premjith Prabhakaran aka **Premji** is a poet, short story writer and a technology enthusiast. Hailing from Kerala, he was one among the twenty Indians selected by Shri Narendra Modi, Hon'ble Prime Minister of India, for his prestigious *Digital India* project. He was felicitated by Shri Ravi Shankar Prasad, Minister for Law & Justice, and Electronics & Information Technology during the *First MyGov Samvaad on Digital India* held on 29/11/2014 for ideating *India's National Agriculture Market*. He has four collections of short stories to his credit.

Preetha is a dedicated teacher and a top contributor of *MyGov – Digital India's* innovative citizen engagement platform. She was an official invitee of the *First town hall meet* of Shri Narendra Modi and *Fridays @MyGov* – a platform for seeking ideas for *Transforming India*. The couple regularly contribute innovative ideas for *National Integration*. They have two children, Abhijit and Amarjith Premji.
