PROGRAMME OUTCOME

The Political science programme determination help the students to understand how governments operate and interact, the impact of government policies upon economic stability and growth, and how laws effect social and political change.

The programme aims at promoting democratic values among the students and to familiarise them with the basic structure of our polity. A knowledge enriched with long cherished ideas will lead the students to develop citizenship qualities and to critical analysis of the political process.

Undergraduate political science students can participate in government or nonprofit organizations in the form of internships to prepare for their careers.

The political science students can participate in courses spanning the sub-fields of political processes, judicial behavior, political theory, international and comparative politics as well as public administration, state and local government.

Occupational opportunities include government administration, politics and campaigns, public policy, non-profit organizations, international relations, media studies and journalism. Students are also prepared to pursue Post- graduate programs in area studies, Environment studies law and diplomacy.

The students are taught about how political power is distributed, different governments operate and interact and rules are made and enforced. The programme explore both the "who" of politics (such as politicians, international organizations, and the public) and the "how" (such as elections, political institutions, and public administration).
