Decisions made in the meeting

1. The course was designed by giving importance to practical sessions. The syllabus and curriculum were designed by keeping this concept. The selected students will be given training to dance individually as well as in group. Entire group will be divided into different groups. Though student's interest will be considered, the selection of students will be finalised by the

faculties. All the selected groups will be given separate training and the students for participating Kerala University Youth Festival 2019-2020 will be selected from this group.

2. The starting date for the program was fixed as 19/11/2019, Tuesday.
3. The already designed application form was approved in the meeting. The issue date was fixed as 05/11/2019, Tuesday and close date as 15/11/2019, Friday. The form will be distributed from Department of Physics.
4. The names of a few professional teachers related to the field was suggested by the committee. Decision was taken to contact them and then fix the faculties for taking classes.
5. Dr. Soumya S. V. from Department of Philosophy and Sri. Adheesh U. from Department of Malayalam was selected to assist the selected teachers to do the selection procedure of students.

Certificate Course in Dance

Relevance of the Course

1. Dance classes promote fitness for a lifetime! I cannot tell you how easy it is for dancers to transition their skills from dance class to so many other fitness arenas. Dance also provides the necessary daily physical fitness recommendations of most health care professionals. Promoting physical fitness as being fun and easy from a young age, creates an excellent foundation for future life long health and fitness.

2. Confidence, high self-esteem and personal expression. Dance is a great way to connect emotionally with an audience and other people. Throughout the KDC classes, expression, smiling and reflection will be promoted. This creates a health environment in which students can express their feelings in a productive manner, while learning to control their emotions.

3. Lifelong friendships and bonding. Most of the friends I've made in my life have come through my dance and yoga training. Each started with a bond formed in the studio and continued growing. As a result of working on team, partner and solo performances, we develop comfort in working independently, a taste of healthy competition and inspiration from our peers.

4. Discipline and Focus. Students will experiences challenges in their dance classes, just as people experience challenges in their life. From retaining choreography to setting and achieving goals, dancers will feel success at such a young age. They will also learn that it takes hard work and sweat to achieve their goals and dreams. Their work ethic in the dance studio spills over to their schooling and other activities.

5. Flexibility of the body and mind. By the age of 11, most people are the most flexible they will ever be, so it is important to starting stretching at a young age. Students will not only gain and expand their physical flexibility, but also mentally as they learn to control their energy and bodies in their full range of motion.

6. Creativity and imagination. Dancers will work on creating shapes and movements through imagination and exploration. This is beneficial to all aspects of life, creating endless opportunities for future development.

7. Posture and poise: You can always tell who the dancer is in the room by their posture and ability to move with grace. Technique taught in class focuses on maintaining a straight back , lift from the core , a lengthening of the shoulders down the back, and both slouching and hyper extending.

8. JOY! The number one rule in dance class is to have fun. As in life, if you can't find happiness in what you do it's hard to build compassion and persistence. Dancers will feel the freedom of expression, meet new friends and reap the rewards of dance training!
